## PICKS OF THE WEEK

### Read of the Week

Listening to doctors, neuroscientists, acoustical engineers, monks, activists, educators, marketers, and aggrieved citizens, George Prochnik examines why we began to be so loud as a society, and what it is that gets lost when we can no longer find quiet. [\*In Pursuit of Silence\*](#) shows us the benefits of decluttering our sonic world.

### Movie of the Week

*50/50* is a 2011 comedy-drama film directed by Jonathan Levine, written by Will Reiser, starring Joseph Gordon-Levitt and Seth Rogen. The film is loosely inspired by Reiser's own experience with cancer.

### Album of the Week

*The Story of Light* is the 8th studio album by American guitarist and songwriter [Steve Vai](#). It is Vai's first full-length studio album since 2005, featuring songs "Gravity Storm", "John The Revelator", and "The Moon And I".

### Organization of the Week

[The Honeybee Conservancy](#) mission is to raise awareness about the importance of bees and to inspire people and communities to act as stewards and advocates for bees and their natural environment.
